

Women's Retreat

Camp Wartburg

February 16-17, 2018

Masterpieces in the Making

Presented by Jane Wilke and Kathi Bell

Using Psalm 139 and Ephesians 2:10 as a back-drop, Jane Wilke will lead us in exploring how life's challenges are merely the canvas God uses for transforming us into exquisite, one-of-a-kind designs. Kathi Bell will then guide us through art journaling where our reflections become inspiration. Together we'll blend life, laughter, and love into marvelous, memorable moments.

Tentative Schedule

Friday, February 16, 2018

- 6:00 pm** Registration
- 7:00 pm** Welcome, Introductions, Devotion

Weather permitting; Climbing/Zip Lining is a possibility on Saturday for those interested. Waiver forms will be available at breakfast. Please bring tennis shoes and warm attire if you intend to participate.

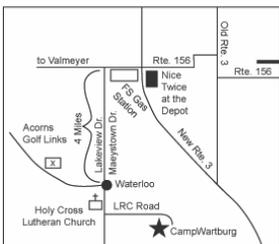

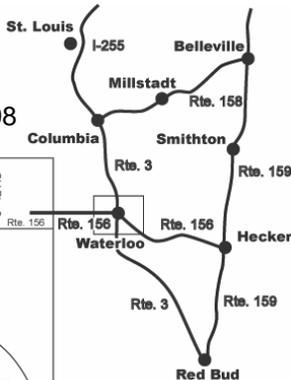

Jane Wilke is convinced that life is a journey of amazing twists and turns. Along the way she has served in a variety of roles, including early childhood educator in Lutheran schools, editor for Concordia Publishing House, Creative Director for Lutheran Hour Ministries, and Communications Administrator for Lutheran Senior Services. After living in St. Louis for many years, Jane has transitioned to semi-retirement at home in Minnesota. She loves sharing her faith through speaking and writing, traveling with her husband, trying new recipes for healthy living, and looking forward to what God has in store for her around the next corner.

Kathi Bell is an artist, designer, and workshop facilitator whose passion is inspiring others. She lives in St. Louis and recently took the courageous step of leaving the corporate world to branch out on her own. Kathi uses her marketing and design background to help business owners and entrepreneurs stand out from the crowd. Her workshops take a holistic approach, giving each student/artist space to experiment freely and the courage to discover their own creative connection. She currently teaches Art Journaling, Artfully Grateful, and Opening Minds Through Art (OMA), a program for those living with dementia. Her website kathibellstudios.com is currently under construction, but should be ready soon.
